

MECHANICAL
MACHINING
OF PRECISION

ar.de.ma.

TECNOLOGY AND
EXPERIENCE
MEET

AR.DE.MA.

We do **mechanical precision machining** for small and big dimensions from over 30 years.

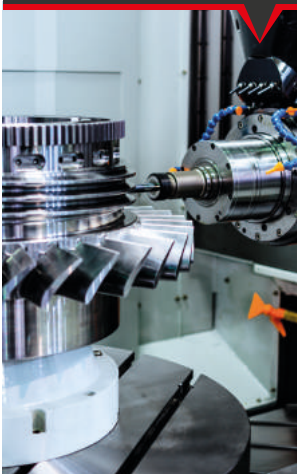

AR.DE.MA. is a mechanical workshop specialized in precision machining for third parties.

We are able to offer a quality product: **turned, drilled, milled, rebored** and complete of any thermic or superficial treatments. Our company claims an exceptional ability in the machining of **steel forgings, cast iron fusions** and in **aluminium**.

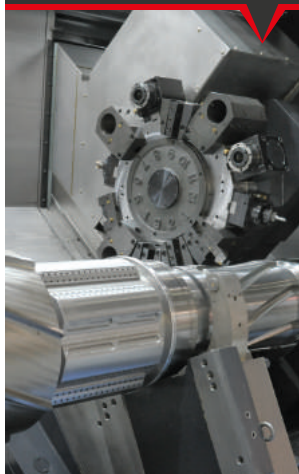

We have an extense experience in the automotive field so we can guarantee machining of particulars which vary from 10 to 1000 mm in diameter.

We can do turnings at still piece by the horizontal work center with the application of 5 axis D'Andrea's head. This machine does internal and external turnings, for example planet gears or 3 way-valves with tollerances of just 0,005 mm.

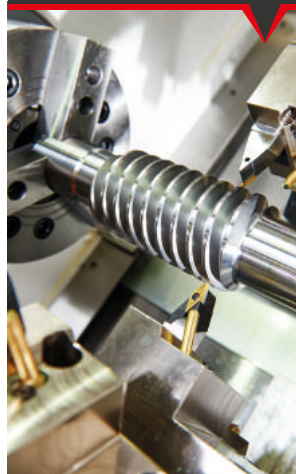

DRILLING AND MILLING OF MEDIUM AND BIG DIMENSIONS

TURNING OF BIG DIMENSIONS

TURNING OF SMALL DIMENSIONS

TURNING WITH D'ANDREA'S HEAD

BIGLIA B1250

Multifunctional CNC turning center. Its speed and instrumentation allow to produce high quality and precision pieces. It is suitable for the machining of axles with length up to 1250 mm thanks to the application of mechanical bezel which is an axis of the machine.

HORIZONTAL CENTER NEXUS 6800-II

Innovative work centers with the turning function at a still piece thanks to the application of the D'Andrea's head. They do machinings of particulars with dimensions up to 1000 mm.

DOOSAN PUMA VT900

High production vertical lathe with motorised tools. It allows the machining of pieces up to 1300 mm in diameter.

DOOSAN PUMA V 550

High production vertical lathe with motorised tools. It allows the machining of pieces up to 800 mm in diameter.

OKUMA MA50HB

Horizontal work center. High performances and highest precision of turning and milling.

DMG MORI NLX 2500 SY/700

Universal lathe with CNC control. It represents the sustaining column of many removal activities.

Certified Quality

100% Made in Italy

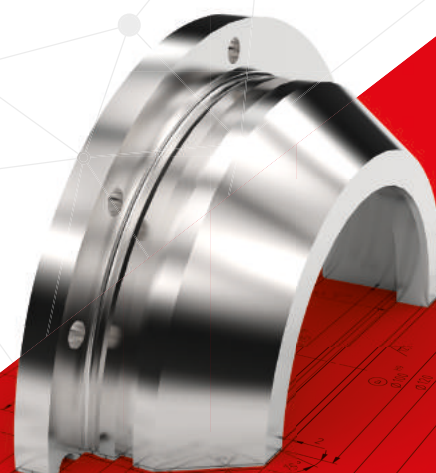

Industry 4.0

Continuous 24 hr
shift work

A small team who think big

“ We believe in professionalism, seriousness and ability. Value and growth of the staff are fundamental for AR.DE.MA. so we support formative projects with the schools. ”
