

AR.DE.MA.®
QUALITY - INNOVATION - TECHNOLOGY

A TEAM LOOKING TO THE FUTURE

"We believe in professionalism, seriousness and competence. Staff value and growth are fundamental to us".

Denis Trevisan, CEO

For over 35 years AR.DE.MA. SRL has specialized in medium and large **precision mechanical machining**, especially in the machining of components for planetary and special gearboxes, axles and other parts for the agricultural, railway, construction, mining and naval sectors.

Years 1988-2023

**Certified
Quality**

**100% Made
in Italy**

**Industry
4.0**

**Continuous
cycle work**

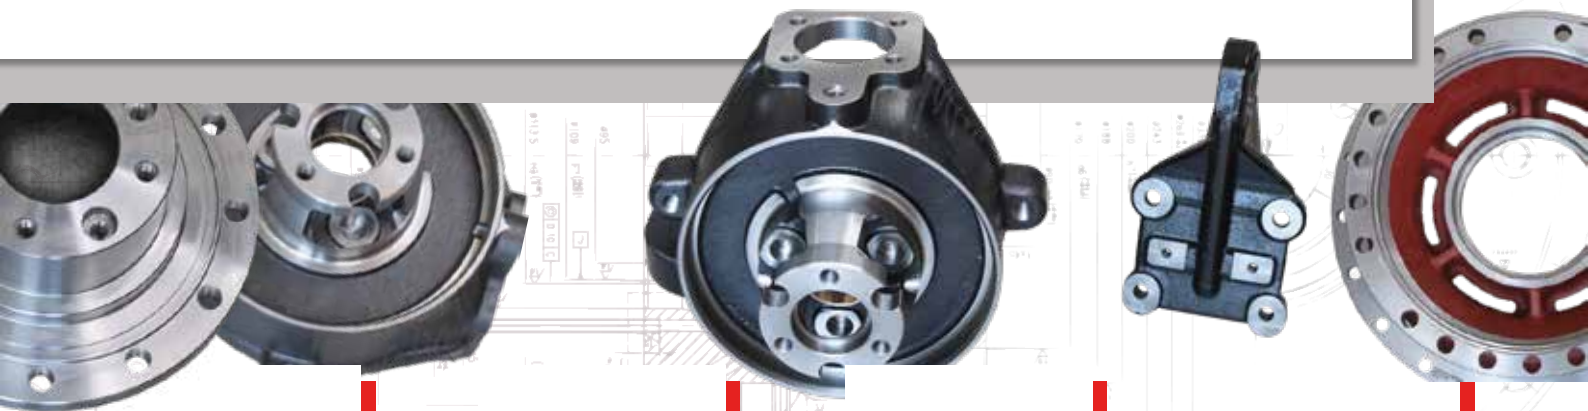

PRECISION MECHANICAL MACHINING

Our work takes place over an area of 2,000 m² with the contribution of a significant fleet of machinery.

- ⚙️ **6** numerically controlled **vertical lathes**
- ⚙️ **1 Zeiss** ACCURA CMM measuring machine
- ⚙️ 1 Mahr Profilometer
- ⚙️ 1 TAR-AL 1500
- ⚙️ **1 robotic island** with 2 vertical lathes
- ⚙️ **4 horizontal machining centers**
- ⚙️ Granite countertops and various bench tools

The company is able to offer a quality turned product, drilled, milled, rectified and complete with any treatments thermal or superficial. The processed materials are solid round, flat, forged steel, cast iron and aluminum up to 1,500 mm in diameter.

The company specializes in **TURNING** of parts with dimensions ranging from **D.100mm to D.1000 mm** and **DRILLING AND MILLING** up to dimensions of **1500 mm**.

3000

QUALITY POLICY

The Quality Policy for us at ARDEMA is:

“Maximum customer and interested party satisfaction, respecting mutual expectations and needs, achieved thanks to the high quality of the products and services offered.”

For the increasingly high standards that the market imposes, ARDEMA has developed its own **quality system** capable of satisfying diversified requests.

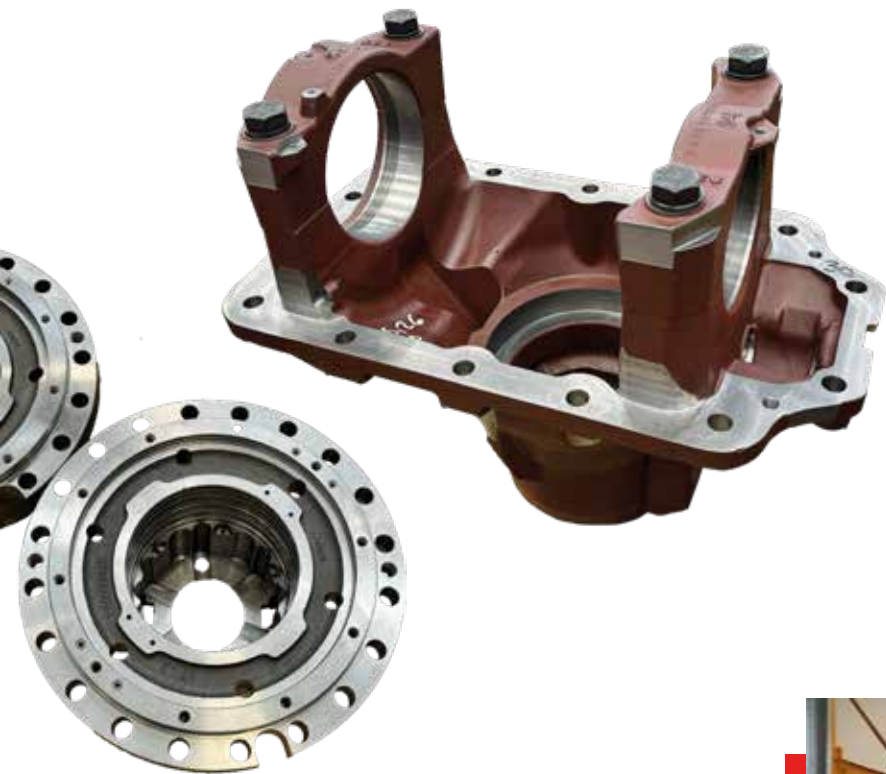

Metrology room, measuring instruments, IT systems and other cutting-edge technologies allow the **traceability of each processed product**, from the initial phase to the final one.

ARDEMA is certified according to the regulations **ISO 9001:2015** and **ISO 14001:2015** and are in the process of being obtained the certification **ISO 45001**, **ISO IATF 16949**.

The excellence of our workmanship **Made in Italy.**
